

Free Motion Quilting

Have you admired the work of expert quilters but don't know where to begin when quilting your own projects? This class demystifies the process. We'll learn to free-motion quilt some basic patterns and then create complex designs just by breaking up the design space and filling it in. Toward the end of class students have the opportunity to bring in some unfinished quilt tops and talk with other students and the teacher about quilting options. We always have so much fun and generate lots of ideas!

Go home invigorated and ready to finish those quilt tops!

Supplies:

- Gloves or anything you like to use for machine quilting
- Marking tool of choice
- Cutting ruler that is at least 12" in one direction
- 50 wt. thread for quilting
- machines equipped with stitch regulators or free motion feet, and quilting or topstitch needles (I like size 80 but 90 will work too)
- pen
- 4-5 fat quarter quilt sandwiches
